Equipping Leaders for the Future

15B-17-2 Mont' Kiara Pines, Jln Kiara 1, Mont' Kiara, 50480 Kuala Lumpur

Eileen Aveni
LMSW, ACSW, BCD

Eileen is a psychotherapist, consultant, speaker, and educator specializing in short & long-term treatment of Post Traumatic Stress Disorder in adults and children, depression, sexual abuse, spiritual abuse, sadistic and mind-controlled abuse, ritual abuse, grief & loss, borderline pathology, and dissociative disorders. She was co-founder and Clinical Director of a regional interdenominational counseling NGO for many years, worked in psychiatric & medical hospitals, consulted politically on ritual abuse legislation and with law enforcement and community groups on abuse survivor issues. She is also a radio & television guest speaker.

Eileen is a CIGNA Behavioral Health EAP speaker to corporations on such topics as: Drug & Alcohol Awareness for Managers, Avoiding Job Burnout, Conflict Resolution, Managing Change, Helping Children Cope with Traumatic Events, Shift Work Strategies, Stress Management, etc. She was a software technical writer and involved in instructional training design for the Univ. of Michigan Internet technology project and their subsequent Internet company spin-off. Later she helped establish and manage NextHop Technologies, Inc., based in Silicon Valley, CA. With her passion for entrepreneurial leadership and innovation she launched or consulted for businesses including professional, retail, NGOs, social media, and commercial real estate to achieve sustainable growth.

Eileen was elected to Who's Who Among Human Service Professionals and the International Who's Who for Entrepreneurs for Outstanding Achievement and Leadership. She is a degreed professional musician and has travelled extensively as a singer/guitarist.
