Breathe Conference

"The program and staff exceeded our expectations. We were wonderfully welcomed into an experience of rest, space, gentle truth and far reaching kindnesses. We had space to decompress and breathe deeply."

You are receiving this because you are someone who provides care and encouragement for international workers.

Breathe is a 10-day retreat intentionally created for the renewal and encouragement of singles, couples and families who serve in cross-cultural settings all over the world. *Breathe* is led by Dr. Daniel and Lori Hahn of Catalyst Int'l, an organization dedicated to supporting Christian leaders in highly challenging global environments. Under the guidance of professionals experienced in member care and cross-cultural work, guests will have time to talk about issues affecting them or their family. Counseling, medical consultation, and massage therapy are provided. In addition, there are fun programs for preschoolers, elementary children and teens.

All of this takes place against the backdrop of the Swiss Alps. There is time to hike, rest, and pursue spiritual renewal. There is space to be in community and to alone with God.

Breathe is best suited for North American or Western European English speaking international workers. The conference typically fills by April so please encourage people to register early.

For fees and registration details, click on the secure link below.
