TRANSFORMATIONAL LEADERSHIP SERIES: FROM THE INSIDE

Day 1 Transformational

Leadership:

RUNNING THE RACE WITH ENDURANCE

Today's excellence can easily become tomorrow's mediocrity. What do you see when you observe a great athlete, a great artist, performer, or leader? What is required to fulfill God's calling in your servant leadership of others? Life may be like a race, but it is not a sprint. It takes humility and determination to stay the course and finish well. Discover seven critical factors in how to lead with Christ-centered excellence.

Day 2 Authentic Leadership:

CHARACTER AND INTEGRITY IN ACTION

Having a secure foundation when it comes to our identity in Christ creates the necessary environment for healthy leadership to develop. Otherwise, we risk walking in the path of the Pharisees. Using Jesus' discourse to the leaders of His day, lessons pertaining to life and godliness can be integrated in word, deed and spirit. Examine core principles related to an authentic leadership style that helps build the Kingdom of God.

Day 3 In and Through:

LEADERSHIP FOR AN UPSIDE- DOWN KINGDOM

Simply put, we cannot effectively lead others where we have not already gone in our own walk with God or in ways we have not already been formed and transformed. Jesus must first accomplish His work "in" us before He can accomplish His works "through" us, demonstrating that we are "vessels fit for the Master's use." Having a balance of grace and truth, experience an Acts 3 encounter in leading others through the eyes of Christ.
