What participants and consultants say:

Since 1992 more than 18,000 workers have been served in over 900 workshops, while over 600 facilitators from more than 40 nationalities have been trained. "SYIS is a rich, valuable learning, and relationship building week. Facilitators create an atmosphere of learning and sharing. The teaching modules and practice sessions are very helpful, and group dynamics very conducive for learning. A safe atmosphere of trust, learning, acceptance is created where mistakes and shortcomings are seen as learning opportunities. It is a fantastic opportunity to learn and to grow." *Annemie Grosshauser, Psychologist, Member Care Consultant*
